UPDATE FOR OCTOBER 1993

Welcome to new members Mark Rowe and Philip Bailoy.

CHANGE OF DATE. The Swinnergill Lead Mine trip will now be on Sunday 17th October. Book your seat with the drivers now please if you are going.

On a recent trip to Link-Pipperkin some of you got lost including the club's chairman, if this happens again the secretary will be most pleased to issue you all with some very, very long pink glow-in the dark tape, so you can all find your way out again !!!!!!!.

1st Scarborough venture scouts have requested a caving trip with us on Sunday 14th November, We have said yes and so far Stephen Johnson, Jeremy Gibbs and Richard Ward are going to help out with them. If you wish to help please give me a call, Ta.

The C.N.C.C. have requested we send a representative for the club to an inaugural meeting on cave conservation, as this is obviously a very important issue to us all and may have some objectionable outcomes for cavers, myself and James Hands will attend, to see just what the conservationists are up to or planning to do. Will let you all know later.!

There is no meeting in November as we have permits every weekend that month. See your meets list.

THE NEXT MEETING is on Saturday 4th December, which is the club's annual Photo competition, details overleaf.

Lyn
