Our new venue at The New Tavern on Falsgrave is great, a BIG thankyou goes to Toni & Katie Manton for their help in finding it for the club. Our annual photo competition held there on 4th Dec was very well attended, with 39 photos entered and 9 slides, the winners are :-

BEST SLIDE KEITH DOBSON.

BEST COLOUR RICHARD WARD.

BEST BLACK & WHITE MIKE WARD.

All judged by Mike De-Ronfignac, a lecturer in black & white photography and an industrial photographer, his comments on the winners are :-

BEST COLOUR -- This is what caving is all about to me, and would entice anyone to have a go at the sport or just go and see what is underground.

BEST SLIDE -- It's the best I've ever seen, you could walk into this one and keep going down the tunnel, excellent.

BEST BLACK & WHITE are you ready for this? It's the most comic and novel thing he has ever seen in all his years of lecturing, it's won for it's sheer comic value only, and how much it reminded him of the time his tv was on the blink, it must of had some atmospheric interference.!

Well done to Keith and Richard and thanks for the laugh Mike.

All won a cup, trophy, bottle of wine and a frame for their prize photo.

I also met in the pub, a chap who was one of the first men to survey all the Windy-Pits, who was in, now the defuncted Ryedale Pot Hole Club, he came and joined us upstairs for some time and is coming with us on a trip to see if the whisky bottle he planted in one of the pits is still there after all these years. Looks like a treasure trail trip to me. Date later.

now turn to page two
for some hard words.

Overleaf you will find an updated list of members phone numbers for you to use for arranging trips and transport.

Also your 1994 permits list which are all requests given in, in March 1993 for assured booking.

A FEW PERMITS THIS YEAR HAVE NOT BEEN USED.

REASONS - :

BAD WEATHER - Very understandable.

CHANGE OF MIND - Highly unfair to other clubs who could have used it. C.N.C.C. rules. If permits are not being used, return for other clubs to have a chance, as the meets secretar s keep lists of clubs wanting permits but have been too late in booking.

NOT ENOUGH EQUIPMENT - WHAT this club has plenty. It is up to YOU to see and arrange with the Tacklemaster for the equipment you need for a trip. The tacklemaster is MIKE WARD Tel 0723/585921.

IN FUTURE ALL permits will be discussed well in advance at our monthly meetings and be decided if it is to be used or returned, and what equipment is needed for the meet and fixed with the tacklemaster for picking up and returning after use.

A REMINDER, THE PERMITS OVERLEAF ARE ALL MEMBERS REQUESTS AT THE TIME OF ASKING.

NO ALTERATIONS HAVE BEEN MADE TO THE LIST SO FAR. THIS MAY BE DONE WITH EVERYONES APPROVAL AT MEETINGS.

PERMITS. Are open for use by any and every member who wishes to go on the meet. The choice of trip is completely up to YOU. No one expects you to go on every trip on the list. NONE PERMIT trips can and will be arranged at anyones request.

Just one more thing I know my spelling is no better this year but I'm trying. **MERRY CHIRSTMAS TO YOU ALL.**

Very trying !!
